SIES organises two-day seminar for women

SHIVANIKAVA
MUMBAI, DECEMBER 7

THE GENDER sensitisation cell of SIES College of Arts, Science and Commerce, Sion (west), along with the Maharashtra State Commission for Women, organised a two-day seminar on "holistic health and well-being of women" on the college premises from Friday.

On the first day, the seminar was attended by Mickey Mehta, a leading holistic health guru and Sunanda Pawar, the trustee of the Agricultural Development Cell, Baramati.

Mehta started off by throwing light on how women have suffered inferiority complex over the ages.

"Women are more powerful than men. If men have muscular strength then woman have the strength of endurance," he said. "Healing is nothing but synchronising with the clock of nature. Woman is the perfect representation of nature and spiritually woman is Shakti."

Pawar said rural women were far behind when it comes to personal hygiene.

"Most women in villages still use cloth, instead of sanitary napkins during menstruation. Upliftment of rural women will uplift our country," she said.

She also spoke about her initiative, Bhimthadi Jatra, to help women's self help groups generate income.

अन्याय के विरुद्ध विरोध दर्ज कराती हैं आज की कविताएँ : डॉ. विजय कुमार**

* अन्याय के खिलाफ तीव्र विरोध दर्ज कराती हैं आज की कविताएँ। आज कविता लिखना व्यवस्था के प्रति अपना विरोध दर्ज कराना है और जोखिम से भरा यह चुनौतीपूर्ण काम आज की हिन्दी कविता तथा उसका कवि कर रहा है। आज जब व्यवस्था के विरुद्ध बोलने व लिखने को लगभग आउटडेटेड मान लिया गया है तब भी नयी सदी की हिन्दी कविताएँ लगातार आवाज उठा रही हैं और अपनी सारी रचनात्मकता को जनपक्षधरता से जोड़ रही हैं। इस प्रवृत्ति को बनाए व बचाए रखना 21 वीं सदी की कविताओं के सामने सबसे बड़ी चुनौती है। ये विचार हिन्दी के वरिष्ठ कवि एवं आलोचक डॉ. विजय कुमार ने एस. आइ. ई. एस. महाविद्यालय द्वारा आयोजित तथा यू. जी. सी. द्वारा संपोषित एक दिवसीय राष्ट्रीय परिसंवाद 'इक्कीसवीं सदी की चुनौतियां और आज की कविता का अध्यक्षीय वक्तव्य देते हुए व्यक्त किए। संगोष्ठी का बीज वक्तव्य देते हुए वरिष्ठ चिंतक डॉ. बजरंग बिहारी तिवारी ने कहा कि कविता में क्षोभ का व्यक्त होना बहुत आवश्यक है क्योंकि कविता मूलतः जनता के क्षोभ को व्यक्त कर उसके न्याय की लड़ाई सहती है। शोभ, न्याय और करुणा के साथ साथ श्रम की प्रतिष्ठा ही किसी भी काल की कविता के महत्व को सिद्ध करती है और आज की कविता के सामने इन तत्त्वों को अपने आप में बचाए रखने की चुनौती है। इसी से सामाजिक मुक्ति संभव है। 21 वीं सदी की कविता के राजनीतिक साम्प्रदायिक संदर्भों पर बोलते हुए वरिष्ठ कवि अनूप सेठी ने निरंतर बढ़ते राजनीतिक साम्प्रदायिक दबावों के प्रति गहरी चिंता जाहिर करते हुए कहा कि ऐसे समय में कविता अपनी मुखरता से आस्वस्तित्व देते हुए जनसामान्य के साथ खड़ी है। वरिष्ठ कवि सुंदरचंद ठाकुर ने कविता के सरोकारों व राजनीतिक स्थितियों को उठाते हुए कहा कि आज की कविता इन मुद्दों पर ज्यादा खुलकर अपनी बात रख रही है। वरिष्ठ कवि बोधिसत्त्व ने कविता व विमर्श की शिनाख्त करते हुए कहा कि जो कवि व कविता अपने समय व उसकी सच्चाई को दर्ज न करें वे कवि या कविता कहलाने के हकदार नहीं हैं।

महानगर के वरिष्ठ कवि हृदयेश मयंक ने भूमंडलीकरण के दौर में बाजार के दबावों का जिक्र करते हुए कहा कि आज मानवीय संवेदना को बनाये रखना कविता के सामने सबसे बड़ी चुनौती है। बाजार अब समाज का हिस्सा नहीं रहा बल्कि आज समाज ही बाजार बन गया है। डॉ. सत्यदेव त्रिपाठी व डॉ. सतीश पांडेय ने आज की कविता में व्यक्त बाजार के विविध रूपा व शोषण के नए तरीकों पर प्रकाश डालते हुए स्वस्थ परम्पराओं व मूल्यों को बचाए रखने को लेकर अपनी चिंताओं को व्यक्त किया। गोवा विश्व विद्यालय से आये डॉ. रवींद्रनाथ मिश्र ने भी कविता व बाजार की चिंताओं को उठाया। डॉ. राजम नटराजन व डॉ. अनिल सिंह ने स्त्री, दलित व जनजातीय जीवन के संदर्भों को उठाते हुए इनको लेकर आज की कविता की चिंताओं का जायज ठहराते हुए कहा कि इन संदर्भों पर और भी समग्रता के साथ विचार करने की आवश्यकता बनी हुई है। तीन अलग अलग सत्रों में विभाजित इस संगोष्ठी में, डॉ. रेखा शर्मा, डॉ. उमेश शुक्ल, डॉ. रमा सिंह, डॉ. प्रवीण बिष्ट, डॉ. अंजना विजन, डॉ. सुमनिका सेठी, डॉ. तब्बसुम खान, डॉ. गीता दुबे, प्रा. प्रशांत देशपांडे व डॉ. भगवती प्रसाद उपाध्याय ने शोध आलेखों को प्रस्तुत किया। संगोष्ठी में महानगर की वरिष्ठ कवयित्री आभा बोधिसत्त्व के काव्य संग्रह 'सीता नहीं मैं' का विमोचन भी किया गया। महाविद्यालय की प्राचार्या डॉ. उमा शंकर ने स्वागत वक्तव्य देते हुए संगोष्ठी के महत्व पर प्रकाश डाला। इस अवसर पर उपप्राचार्य डॉ. जार्ज अब्राहम, डॉ. मंजु फडके, डॉ. रश्मि भूरे, डॉ. मिथिलेश शर्मा, शैलेशकुमार दुबे व प्रा. अंजनी कुमार दुबे तथा महानगर के विभिन्न महाविद्यालयों के प्राध्यापक, रचनाकर्मी, पत्रकार व विद्यार्थी उपस्थित रहे। हिन्दी विभागाध्यक्ष प्रा. दिनेश पाठक ने सभी के प्रति आभार व्यक्त किया।

Resource Person: Prof. Bhausaheb Rajaram B., Assistant Professor, Sri Sai University,

Palampur, Himachal Pradesh

Target Audience: Under-graduate and Post-graduate students from Humanities, Commerce

and Science streams.

Description of the programme:

Critical thinking requires an open and inquiring attitude, a number of reasoning skills and knowledge of its basic concepts. Critical thinking is chosen as one of the 21st Century Academic Skills.

Critical thinking is: 'the art of being articulate'. A very short definition of critical thinking will obviously not be clear to everyone and needs some explanation. Making clear what critical thinking is can perhaps best be done by describing the characteristics of the critical thinker.

The critical thinker is capable of actively and skilfully applying general principles and procedures of thought, as a result of which a person's judgments will be highly reliable and accurate. In short, one who knows the principles and procedures of critical thinking and can apply them in life.

The rationale of the workshop was with such an aim to enable students develop critical thinking and writing skills, competencies essential for their study and future. The three-day educational workshop was designed with six modules to structure students thinking and writing competence by orienting them with basic logical, problem solving and experimentation skills, to guide them from basic brainstorming tasks toward evaluated reasoning and clear well-structured essays from the fields of Natural Science and Social Science.

Outcome:

The workshop attracted 40 student participants presently pursuing under-graduation, post-graduation courses and 3 teacher research scholars from the faculty of Humanities and Sciences. The student participants were from SIES, G.N. Khalsa and Ruia Colleges. The outcome of the workshop was gathered by generating a formal feedback form prepared for every module and the overall students interaction that happened on the last day with the resource person. The general learning outcome stated by the students was the workshop proved to be satisfactory. It enabled them to be open-minded, being critical/logical, being organised/structured in thought, being creative through visualization process. Further, some suggestions given by the students were instead of three days, it should have been four-day workshop, due to shortage of time four-day workshop could have been more activity based one. The students appreciated the resource person Prof. Bhausaheb Rajaram's expertise in this field and had meaningful interactions during the sessions. The students also appreciated that it was a well-planned and insightful workshop.

Title: Two – Day International Seminar ‘Mapping Indian Diaspora: Issues and Perspectives’.

Background: A gracious address was given by Dr. Uma Shankar, Principal, welcoming all the invited dignitaries to the seminar after which Mr. M.V. Ramanarayan, Honorary Secretary, South Indian Education Society, spoke on the timeliness of the seminar as there is a need for a discussion on the topic of Indian Diaspora which is far-flung and has myriad achievements. Dr. Rashmi Bhure, Vice Principal, elaborated on the theme of the seminar, its multi-dimensional nature and its expected outcome. The keynote speaker Prof. Binod Khadria, Former Professor of Economics and Chairperson, Zakir Hussain Center for Educational Studies, School of Social Sciences, JNU, spoke on ‘Of Youth, Migration and Diasporas: Between Homeland and the Hostland?’ in which he discussed, with supporting statistical data, the history of and the immigration policies made by various host countries and their impact on the home countries. Prof. Kamala Ganesh, Former Head of the Department of Sociology, University of Mumbai, in a special address, portrayed a very evocative picture of the situation of the Tamil diaspora of Sri Lanka, their victimhood and their on - going attempts to wrest agency. Dr. Mala Pandurang, Principal, B.M.N. College, discussed the theoretical aspects of the idea of the diasporic imaginary in the 21st Century. Mr. Tejendra Sharma who is the Founder of KATHA, UK, presented a very insightful paper on the clash of cultures and its impact on the diaspora. Dr. K.S. Nathan from the Institute of Ethnic Studies at the National University of Malaysia gave a realistic picture regarding the prospects and challenges facing the Indian diaspora in South East Asia and he discussed the ways and means of strengthening the bonds between India and

ASEAN nations. Dr. Amit Singh from the University of Delhi threw more light on the same subject of contemporary India and South East Asia interactions. Dr. Chinmay Tumber, Indian Institute of Management, Ahmedabad; Ms. Meghna Singh from the Foreign Exchange Department of the Reserve Bank of India and Dr. Babysam Samuel, Chairman of the Indian Schools of Oman, all provided an insight into the economic aspects of the Indian diaspora vis a vis remittances, entrepreneurship prospects and challenges, the volume of trade between the countries and the financial benefits to the home country. The Webinar by Dr. Anjali Sahay, Professor of International Relations and Political Science from Gannon University Pennsylvania, USA, was an eye-opener as she analyzed the traditional concept of Brain Drain from an unusual perspective of the more positive brain gain. The second day of the seminar began with a refreshing cultural mélange of dance and music as Dr. Siri Ramaswami faculty from the Nanyang Academy of Fine Arts and President of the World Dance Alliance, Singapore gave an absolutely enthralling talk on the creativity and hybridization that goes into the making of the multicultural diasporic identity when there is an open exchange between cultures and what an important role dance plays in this matrix. This idea was carried forward by renowned classical singer Mr. Mahesh Kale who travelled over from the USA and through a very interactive session proved how music crosses borders and unites cultures. Dr. Paromita Chakrabarti, Director of the Global Research Initiative at HR College, Mumbai, placed a theoretical perspective over the session as she discussed the cultural transitions and the politics of the transnational. The next session chaired by Prof K.S. Nathan carried forward the discussion on transnational belonging via the presentations of Dr. Amba Pande from the School of International Studies, JNU, Dr. Vanita Banjan and Mr. Ajinkya Gaikwad who took the audience through the process of national identity formation and creating a sense of belongingness in the age of digital media in the UK and the USA. Dr. Dnyaneshwar Mulay, Former Ambassador and current member of the National Human Rights Commission gave the valedictory address which was presided over by Dr. Uttara Sahasrabudde, Head of the Department of Politics, University of Mumbai. Dr. Mulay brought the discussion on the Indian presence in every corner of the world full circle.

Objective: The objective of this inter-disciplinary seminar was to deliberate on the need of a firm empirical foundation for the future study of the Indian diaspora. The seminar explored the need for a dynamic policy framework, plans for forging a mutually beneficial relationship with diaspora to facilitate their participation India's growth story.

Conference theme:

Natural products have been known for their medicinal uses for thousands of years. Natural products and biologically active compounds have intrigued and inspired research scientists, physicians, and patients alike for centuries. From ancient folk medicines to modern day targeted therapies, natural products and bioactive compounds have significantly enabled the progression of human health. Moreover, natural products have been the most successful source of leads for potential drug discovery.

Purpose, Rationale and Scope:

The Conference was organised with the purpose to bring together eminent speakers, leading researchers from academia, industry, entrepreneurs and representatives from government to discuss and review quality, safety and efficacy of natural products. Its rationale was to provide an excellent networking opportunity for linkage between academia, industry and regulatory agencies. Its scope was to give insights into the emerging trends, concerns and recent approaches in promotion and development of natural products. Moreover, to encourage, inspire and motivate researchers, the conference also intended to serve as a forum for oral and poster presentations of research papers.

Objectives:

- ✓ Gain insights of physical, organic and synthetic properties of medications derived from natural sources
- ✓ Discuss the recent advances in pharmacology and chemistry of natural compounds
- ✓ Explore the details of lead finding and validation of natural products
- ✓ Review the emerging trends and concerns in natural products discovery and development

Topics of Interest:

- ✓ Traditional medicines and natural products
- ✓ Ethnopharmacology and natural products
- ✓ Authentication and identification of raw materials used in natural products
- ✓ Quality control and standardization of natural products
- ✓ Safety and efficacy of natural products
- ✓ Nutraceuticals and natural products
- ✓ Natural products as anti-cancer drugs
- ✓ Natural products and intellectual property rights
- ✓ Promotion and development of natural products

Messages received from academicians and researchers for the Conference:

- ❖ *Professor (Dr.) Suhas Pednekar, Vice Chancellor, University of Mumbai*
- ❖ *Dr. V. Shankar, President, South Indian Education Society*
- ❖ *Dr. Uma Shankar, Principal, SIES College of Arts, Science and Commerce (Autonomous), Sion (West)*
- ❖ *Professor (Dr.) Larry Walker, Emeritus Director, National Center for Natural Products Research, University of Mississippi, US*
- ❖ *Professor (Dr.) Ikhlas Khan, Director, National Center for Natural Products Research, University of Mississippi, US*
- ❖ *Dr. Shuang Liang, Researcher, Innovation Research Institute of Traditional Chinese Medicine Shanghai University of Traditional Chinese Medicine, China*

Principal

SIES College of Arts, Science &
Commerce (Autonomous)
Sion (West), Mumbai - 400 022

- ❖ *Professor (Dr.) Gertrud Morlock, Chair of Food Science, Justus-Liebig- University Giessen, Germany*
- ❖ *Dr. Mubashir Massodi, Researcher, P.G. Department of Pharmaceutical Sciences, School of Applied Sciences and Technology, University of Kashmir*

Target audience: Faculty, Researchers, Students from Academic/Research Institutions and Representatives from Industry. The total number of attendees' was 150 in the form of resource persons, delegates, participants, industry representatives inclusive of the following:

Number of Resource persons/Invited Speakers: 19

Number of Delegates (Oral presentations of research papers): 12

Number of Delegates (Poster presentations of research papers): 50

Number of Participants: 58

Number of Industry Representatives: 11

Resource persons: Principal Investigators/Researchers/Scientists from International/National Universities and Research Institutions, Quality Control Analysts from Industry/Government/Regulatory Agencies. Entrepreneurs/Directors/Manufacturers of Natural Products and Nutraceuticals, Representatives from Academia-Industry Collaborations

Delegates (Oral/Poster presentations of research papers): Faculty, Research Scholars and Post graduate students from Colleges/Universities/Research Institutions

Participants: Faculty, Research Scholars, Postgraduate students from Colleges/Universities, Analysts from Industry, Entrepreneurs/Directors/Manufacturers of Natural Products and Nutraceuticals, Representatives from Academia-Industry Collaborations

Benefits aimed:

- ✓ Involve faculty, research scholars, students and representatives from industry to gain insights into the emerging trends, concerns and recent approaches in natural products research.
- ✓ Encourage the participants to interact and constructively participate to discuss and review quality, safety and efficacy of natural products.
- ✓ Promote academia-industry collaboration and provide an excellent networking opportunity for linkage between academia, industry and regulatory agencies.

Conference schedule - Day One (6th March 2020)

Inauguration and Welcome

- ❖ Invocation and Lighting of Lamp
- ❖ Welcome address by Principal and Conference Chairperson, Dr. Uma Shankar
- ❖ Concept note about the Conference by Dr. Satish Sarfare
- ❖ Felicitation of dignitaries and guests of honours - Professor (Dr.) Sunita Shailajan; Dr. Sayeed Ahmad and Dr. Bhaskar Idage by the Honorary Secretary and Member of the Managing Council SIES, Mr. M.V. Ramanarayan

Opening remarks and Keynote address by Chief Guest

- ✓ *“Chemistry and Biological Activities of Carvacrol and Carvacrol Containing Essential Oils” – Professor (Dr.) Kemal Hüsnü Can Başer; Near East University, Faculty of Pharmacy, Department of Pharmacognosy, Lefkoşa (Nicosia), Turkish Republic of Northern Cyprus, Turkey*

Plenary session I

- ✓ *“Biodegradable polymers derived from renewable resource materials”– Dr. Bhaskar Idage; Ex-Scientist, Polymer Science and Engineering Division, CSIR- National Chemical Laboratory, Pune*
- ✓ *“Metabolomic profiling of Natural Products: A Modern concept to ensure quality, safety and efficacy” – Dr. Sayeed Ahmad; Bioactive Natural Product Laboratory, Department of Pharmacognosy and Phytochemistry, Jamia Hamdard (Hamdard University), New Delhi*
- ✓ *“Use of Biomarkers as Quality Control Indices for Polyherbal Formulations” – Professor (Dr.) Sunita Shailajan; Principal Investigator- DST- SERB Project, Ramnarain Ruia Autonomous College, Mumbai*

Plenary session II

- ✓ *“Antioxidant Natural Products from endophytic fungi” – Dr. Shilpa Verekar; Head, CQA Laboratory at Parle Agro Pvt Ltd, Mumbai*
- ✓ *“Isolation, Extraction and Identification of Bioactive compounds” – Professor (Dr.) Kirti Laddha;*

Plenary session III

- ✓ "Mushrooms as natural source of food and medicine" – Professor (Dr.) Narinder Atri; Department of Botany, Punjabi University, Patiala
- ✓ "Nutraceuticals & Ayurceuticals - Their Essentiality from Womb -To -Tomb" – Dr. Rajendra K. Sanghavi; Consulting Clinician & Healthcare NeuroMarketing Chairman – Nutraceutical Committee, Indian Drug Manufacturers' Association

Concurrent technical sessions (Oral/Poster presentations of research papers)

Oral presentations of research papers

Traditional Medicines and Natural Products

- ✓ Exploring Ayurvedic herb 'Kantakari'-lead for potential antimicrobial agent – Shintre Sayali, Ramteke Ashok, Phadke Manju, Parab Vivek
- ✓ Ayurvedic plant extract: a panacea for bacterial infections – Kamble P and Phadke M
- ✓ Formulation and Characterization of Thymol, Eugenol and Cumenic acid based nanoemulsion for its anti-biofilm activity – Subi Yoosuf
- ✓ Investigation of Hemidesmus indicus root extracts for anti-angiogenic activity – Vaishnavi Khandal, Rasika Dharap, Govind Parwat, Dikshita Bhoi, Krishnapriya Mohanraj, Dipti Gatne
- ✓ Forgotten Healing Flowers: Pushpa Varga- Medicinal Flowers of Bhavprakash Nighantu- a review – Charusheela M Giri

Poster presentations of research papers

Ethnopharmacology and Natural Products

- ✓ Phytochemicals as new age multi target therapeutics for complex etiologic diseases like diabetes – Suchismita Mazumdar, Shine Devarajan, Nikhil Gadewal, Thankamani Marar, Jyoti Patki

Natural Products and Intellectual Property Rights

- ✓ Status of intellectual property rights in traditional knowledge and development of natural products – Tareeka Sonawane and Aditi Pande

Safety and Efficacy of Natural Products

- ✓ Cannabis- a debatable entity in the natural products realm – Ashritha Narayan and Kalyani Barve
- ✓ Effect of Juglans regia leaves extract in the management of PCOS –Vimal Temkar and Sasikumar Menon
- ✓ "Efficiency of Natural Nano emulsified Essential Oils as antimicrobial agents for food contaminants" – Aamena Farooqui, Mohammed Shaker, Talib Yusuf Abbas

Traditional medicines & Natural Products

- ✓ Evaluation of the effect of Ayurvedic Formulation Myostaal Forte Tablets on chondroprotective biomarkers in an experimental model of osteoarthritis in rats – Prakash Patil, SYR
- ✓ Ultrasound assisted extraction of turmeric rhizomes – SK Imran Ali, Tejas Namjoshi
- ✓ Phytochemical Analysis of Different Varieties of Carica papaya Seeds – Sneha Pednekar and Kiran Mangaonkar
- ✓ In-vitro Cultivation and phytochemical analysis of Indian Medicinal Plant Vitex negundo L. (Nirgundi) – Zagade Sejal and Mahavir Gosavi

Quality control and Standardization of Natural Products

- ✓ Standardization of an Herbal formulation and to study its effect on calcium oxalate crystals – Ketaki Dalal and Prafullachandra Tekale
- ✓ Quality control and Standardization of Citrus medica L. – An important medicinal fruit – Yash Gangal, Sasikumar Menon and Sunita Shailajan
- ✓ Evaluation of an Ayurvedic drug Symlocos racemosa Roxb. using Pharmacognostic and Phytochemical approach – Sasikumar Menon, Sunita Shailajan, Mitali Kelkar
- ✓ Anti-oxidant activity and phytochemical evaluation of a hemi-parasite Macrosolen capitellatus (Wight and Arn.) Danser – Sunita Shailajan and Suraj Mishra
- ✓ Shelf life extension of Rohu (Labeo rohita) steaks using Hurdle technology at chilled storage – Amit Patil, Suchandra Chatterjee, Raj Kamal Gautam, Prashant Mishra, Aarti Kakatkar

Natural Products as Anti-cancer drugs

- ✓ Anti-microbial and cytotoxic potential of marine extract from balanus spp. – Shashank More, Bhagyashree Ghag, Shraddha Hattangadi, Manisha Kulkarni, Madhavi Indap

Principal
SIES College of Arts, Science &
Commerce (Autonomous)
Sion (West), Mumbai - 400 022

- ✓ *Effect of UV mutation on Prodigiosin production and study of its various applications* – Sneha Rajendra Prabhu
- ✓ *Cyclodextrin as a solubility enhancer for Curcumin: Molecular Modelling and In-vitro Analysis* – Jaya R Lakkakula, A Karthic, Sagar Barage
- ✓ *Exploration of Calotropis species extracts as alternate anti- proliferative agents using human cell line models* – Tejas Suryawanshi, Rutuja Yelmar, Shiney Peter
- ✓ *Mushrooms As potential anticancer immunoceuticals* – Gosavi Mahavir C
- ✓ *Attenuation of Methotrexate-induced toxicity by Tagetes erecta extract in Danio reiro model system* – Soumya Subramaniam, Swati Jaiswar, Deepali Kothekar

Webcast / Web lecture

- ✓ *“Toxicity and Safety in Traditional Indian System of Medicine”* – Dr. Sunil Dutt Shukla; Department of Zoology, Government Meera Girls College, Udaipur, Rajasthan

Conference schedule - Day Two (7th March 2020)

Plenary session IV

- ✓ *“Development of post-IMCR Modifications En Route to Natural Products and Mimetics”* – Dr. Ajay Srivastava; Medicinal & Process Chemistry Division, CSIR-CDRI, Lucknow
- ✓ *“Metabolic engineering: A possible way of enhancing Camptothecin content of target plants”* – Dr. Sudhir Singh; Nuclear Agriculture & Biotechnology Division (NABTD), Bhabha Atomic Research Centre (BARC), Mumbai

Plenary session V

- ✓ *“Vicco products, consumers' satisfaction, experiences around the globe with respect to quality and efficacy”* – Mr. Sanjeev Pendharkar; Director, Vicco Laboratories, Mumbai
- ✓ *“Natural products from endophytic fungi and their pharmaceutical and food Applications”* – Professor (Dr.) Sunil K. Deshmukh; TERI-Deakin Nano Biotechnology Centre, The Energy and Resources Institute, New Delhi

Special talk/lecture

- ✓ *“Patenting of Herbal Drugs”* – Dr. Mrudula Bele; Pharmaceutical Development Scientist and Patent Consultant, Faculty - MVP's College of Pharmacy, Nashik

Industry speakers (Industry - Academia collaboration)

- ✓ *“HPTLC technique and it's applications in natural products”* – Mr. Shahrukh Bharucha; Application Specialist, Anchrom Enterprises (I) Pvt. Ltd., Mumbai
- ✓ *“Diorama of Nutraceuticals Evolution”* – Ms. Ranjitha; Representative, Expert Nutraceutical Advocacy Council (ENAC), Mumbai
- ✓ *“Ill effects of modern processed foods & the importance of traditional wood pressed cooking oils”* – Mr. Chirag Chaudhari; Founder, Crashola | Chirakanksha Foods, Mumbai

Concurrent technical sessions (Oral/Poster presentations of research papers)

Oral presentations of research papers

Authentication and Identification of raw materials used in Natural Products

- ✓ *Valorization of lignin to polyhydroxyalkanoates (PHA) through microbes* – Suveera Bellary and Arvind Lali

Ethnopharmacology and Natural Products

- ✓ *LTC-4 inhibitory activities of bioactive compounds* – Kapil Kumar Soni

Natural Products as Anti-cancer drugs

- ✓ *Preclinical studies on Bioavailable Curcumin as Chemotherapeutic Agent* – Joyita Sarkar, Swapnil C Kamble, Vijay Kanuru

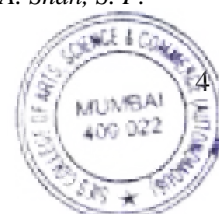

Promotion and Development of Natural Products

- ✓ *Formulation and study of antimicrobial efficacy of a polyherbal hand sanitizer* – Samidha Pawaskar and Shruti Jagtap

Nutraceuticals and Natural Products

- ✓ *Healing with peels - “Antibacterial activity of some selected fruit peel extracts”* – Renu Narendralal Jaisinghani and Rohini Patil
- ✓ *Study of phytoconstituents and nutritional value of wild tuber Vigna vexillata (L.) A.* – R. A. Shah, S. P.

- ✓ *Buchnanian lanzan: A Potent Nutraceutical and Its Cultivation in Sindhudurga District – Sanjay M. Desai*

Poster presentations of research papers

Authentication and Identification of raw materials used in Natural Products

- ✓ *Extraction and detection of lycopene in tomato & tomato ketchup by using TLC – Amit Patil, Aditya Nayar, Satish Sarfare*
- ✓ *VAM as natural biofertilizer – Ashwini Deshpande and Mahavir Gosavi*
- ✓ *Ailanthus excelsa Roxb. as a potential source for green synthesis of silver nanoparticles – Sumitha Nair and Neeraja Tutakne*
- ✓ *Phytochemical evaluation of traditionally important plant Sida acuta Burman f. (common wireweed) – Mahanty Priyanka and Mahavir Gosavi*
- ✓ *Cytotoxic effects of synthetic PGRs on plant cell mitosis – Khan Nazmeen Mohd. Anees and Snehal Unde*
- ✓ *Extraction, partial characterization, and evaluation of antioxidant potential of pigments isolated from indigenous Bacteria – Priyanka Chindarkar, Shivali Patkar, Yashodhara Shinde, and Pampi Chakraborty*
- ✓ *Antioxidant and neuroprotective efficacy of beetroot extract (Beta vulgaris) – Madhavan Gopalan and Anita Jadhav*

Nutraceuticals and Natural Products

- ✓ *Screening of phytochemicals, antioxidant activity and nutritional profile of Nelumbo nucifera and Euryale ferox seeds – Subhashini Maharana and Kiran Manganekar*
- ✓ *Preliminary study of Euryale ferox Salisb. seed coat as a potential antioxidant and antimicrobial source – Manali Kadu, Rashmin Maknojia, Subhashini Maharana*
- ✓ *Antiproliferating and Antioxidant activity of Microalgae KR871012 – Pranali Vichare, Gargi Rane, Shraddha Hattangadi, Madhavi Indap*
- ✓ *Proangiogenic effect of collagen hydrolysate derived from shark cartilage – Ganapati Naik, Bhagyashree Ghag, Shraddha Hattangadi, Madhavi Indap*
- ✓ *Antimitotic and cytotoxic potential of methanolic extract from Lingula – Shraddha Hattangadi, Shashank More, Bhagyashree Ghag, Madhavi Indap*
- ✓ *Development of a probiotic chocolate by using encapsulated Lactobacillus strain – Lavanya Kondabatini, Flevia Anthony, Manju Phadke*
- ✓ *Exploring Cosmeceutical Prospective of Microbial Carotenoids – Simran R. Lilwani, Parvathi J.R, Madhavi R. Vernekar*
- ✓ *Modulation of monosodium glutamate-induced embryonic hepatotoxicity by natural antioxidants – a study using chick embryo model – Amit Patil, Pranali Mahadik, Deepali Kothekar*
- ✓ *Study of antioxidant activity and extraction of phytochemicals from vegetable and fruit waste – Mallika Naidu and V. Vishnuprasad*
- ✓ *Production of Omega-6 Fatty Acid from Castor Oil by Lactobacillus plantarum – Ketaki Joshi, Deepika Tambe, Seema Ronghe*

Promotion and Development of Natural Products

- ✓ *Develop Alternatives For Hazardous Ingredients Present In Cosmetic And Personal Care Product By Using Natural Sources – Apurva Prashant Bhatkande and Prafullchandra Tekale*
- ✓ *Anti-lice activity of lemon peel extracts – Priya Menon, Athira Nair, Kritika Ravi, Rojina Khatun, Renuka Bacchav, Satish Sarfare*
- ✓ *Green Tea polyphenols- a novel alternative to chemical preservation of food – Shubhada Gad and Shilpa Sabnis*
- ✓ *Production of vinegar from over-ripe Banana – Saloni Sunil Bhawar*
- ✓ *Improving microbial oil production in oleaginous yeasts for biodiesel production – Hemant Deepak Bagwe*
- ✓ *PGPR obtained from rice rhizosphere - a magical bio-inoculant – Sayali Sudhir Shirkar*
- ✓ *Exploring an alternative carbon source for biosynthesis of Alginate by Azotobacter sp. – Afrose Fathima Meeran*
- ✓ *Production and optimization of dextran using Leuconostoc mesenteriods isolated from fermented food product – Anupriya Murugan Madaswamy*
- ✓ *Cosmetic applications from Geranium (Pelargonium sp.) obtained from Nashik, Maharashtra – Chaudhari M.M., Mithbaokar N.A., Bugade S.S., Rane A., Barve S. S., Breed A. S.*
- ✓ *Extraction of Aromatic oil from the flowers of German Chamomile obtained from Palampur, Himachal Pradesh – Mithbaokar N.A., Chaudhari M.M., Bugade S.S., Rane A., Barve S. S., Breed A. S.*

- ✓ Preparation of antioxidant rich and zero waste health drink by fermentation of pomegranate juice infused with medicinal plant using Effective microorganisms – Shaikh Nikhat Fatima Riyazuddin
- ✓ Essential oil extraction and GC analysis of Geranium (*Pelargonium sp.*) leaves obtained from Nashik, Maharashtra – Bugade.S.S. Chaudhari M.M., Mithbaokar N.A, Rane A., Barve S. S., Breed A.S.
- ✓ Trees as natural source of air pollution control – Kirthika Sivasubramanian and V. Vishnuprasad

Closing remarks and Valedictory session

- ✓ “Codex Alimentarius and Nutrition Standards” – Mr. Sanjay Dave; Former Chairman, Codex Alimentarius Commission and Former Advisor, FSSAI
- ✓ “Approaches in Active Packaging” – Professor (Dr.) Smita S. Lele; Director and Professor of Biochemical Engineering Institute of Chemical Technology, Marathwada Campus, Jalna

Tools applied:

The resource persons made use of power point presentations besides their own experience and wisdom in communicating to the audience the thought process and the rationale behind topics of interest related to the theme of the conference. The resource persons/invited speakers presented cutting edge research work and or case studies in order to meet the target objectives and topics of interest. Moreover, they were also flexible and open to suggestions and spontaneous feedback received from the audience.

The technical sessions involving delegates (oral/poster presentations of research papers) were customized and shortlisted according to the topics of interest which the delegates had selected during registration.

The oral/poster presentations of research papers were evaluated by a panel of qualified and experienced judges/adjudicators using objective criteria such as quality of presentation, presentation skills and relevance/impact of the research work

The delegates shortlisted for presenting their research papers under oral presentations category made use of power point presentation (not more than 15 slides per presentation) and were given 10 minutes to present their research work and 2-3 minutes for question/answer session to defend their work.

The delegates shortlisted for presenting their research papers under poster presentations category made use of posters (Size- 1 metre x 1metre; Material- Vinyl/Flex/Paper) and were give 10 minutes to present their research work and 2-3 minutes for question/answer session to defend their work.

The delegates were awarded prize(s) for best oral/poster presentation as follows:

- Oral presentations of research papers – 2 prizes
- Poster presentations of research papers – 4 prizes

Benefits achieved:

- ✓ Since the resource persons chosen were invited from different disciplines and areas of interest, their plenary talks could reflect the efforts, concerns and emerging trends in drug discovery and development in the context of natural products.
- ✓ Since the sessions covered a broad range of topics such as plant screening, metabolomic profiling, isolation and structure elucidation of new active principles, toxicity and safety of natural products, therapeutical optimization and promotion and development of a natural products, therefore the participants got an overview of the emerging areas in natural products research which are currently intensively researched.
- ✓ The sessions could bring together eminent speakers, leading researchers from academia, industry, entrepreneurs and representatives from government to discuss and review quality, safety and efficacy of natural products
- ✓ Since the topics of interest in this conference catered to pure and applied sciences, thus this conference has successfully instilled in the organisers and the participants an interdisciplinary approach in pursuing scientific research.
- ✓ This conference could convince participants that the term ‘Natural does not necessarily mean Safe’ and made them realize the relevance of quality and safety of natural products.
- ✓ Most of the participants were enthusiastic and had come prepared for constructive participation with meaningful communication and focused discussion.
- ✓ The college quadrangle which was the venue for poster presentations was indeed an enthralling sight, whereby it was evident that research scholars and especially postgraduate students showed their infectious enthusiasm and energy to display their research work and their desire to contribute effectively by the overwhelming number of poster presentations.
- ✓ This conference also provided the students a forum to question the academicians/researchers and at times even their own teachers regarding their approach to research work, and therefore, effectively provided a forum to students to inculcate research aptitude, critical thinking and scientific inquiry.
- ✓ Finally the conference has also inspired and motivated research scholars and students to pursue research as

one of the satisfying career option.

Enlarging applications:

- ✓ The feedback taken from participants for each session was analysed. The audience responded well for most of the sessions giving good/excellent ratings with justifications and moreover, also gave suggestions/comments for future.
- ✓ The participants found the sessions/talks interesting and enriching, and have requested the organisers to conceive and execute similar conferences/seminars in future.
- ✓ After due diligence and consultation with the members of the organising committee, the suggestions and comments would be considered for conceptualizing, planning and executing more of such interdisciplinary conferences on a regular basis in the near future.
- ✓ Although there was an overwhelming and enthusiastic response (150 participants) for the conference, however, due to logistics constraints the organisers were compelled to close the registration (around 30 participants were awaiting confirmation of registration), therefore, in future, for such an initiative, the organisers need to plan for a venue which can accommodate more participants to suffice a larger audience.

Title: "National Webinar on Building Immunity"

Objective: Introduce the students to Building immunity against immune diseases.

Methodology: online sessions were conducted on Zoom.

Platform: Online

Report: Department of DMLT organized National webinar on Building Immunity on 29th May 2020. The session was conducted on Zoom platform.

The welcome address was given by Dr. Manju Phadke, Director, Head, Department of Microbiology. Students were introduced to the immune system and importance of immunity against diseases. Mrs. Shama Todurkar, Assistant Professor Psychology department, SIES College delivered a lecture on How mental State changes the immunity and how does it affect the level of immunity. Mrs. Gayatri Barve consulting nutritionist the second speaker of the webinar delivered lecture on importance of nutrition for building immunity. She also explained about types of nutrition that should be consumed to maintain normal homeostasis.

Feedback for the webinar was taken via Google form. We are grateful to the department for conducting this webinar which was helped a lot during Covid Pandemic.

Attendees: 47

Outcome: The students and staff had a better understanding of immunity and how to build immunity and its importance for fighting against the various diseases.

IQAC IPR Webinar Report

A National level Webinar on Intellectual property rights was conducted successfully by the SIES College of Arts, Science and Commerce [Autonomous] on **06-06-2020** jointly by The **IQAC and the Chemistry department** of the College via **Zoom digital platform**. Due to a huge response, the webinar was also **aired live on the college YouTube channel**. The registered participants were communicated about the detailed program schedule through a Telegram app group created by the organizing team for the event. The program began sharp at 11.00am with a brief welcome note by Dr. Laxmi. She apprised the audience of certain rules to adhere to so as to ensure smooth and effective conduct of the webinar.

This was followed by the Principal Dr. Uma Shankar's welcome address. She briefed the audience about the glorious background of SIES college, its contribution to society and nation building in the field of higher education during the 60 long years of its existence standing tall with its achievements as it entered its Diamond Jubilee this year. She also introduced the resource person for the webinar Dr. Bhaskar Idage among a vibrant audience of more than 1200 participants from all parts of the country. Thereafter, the IQAC coordinator Ms. Geeta Paluskar shared with the participants the objectives and goals of the webinar. As per the revised accreditation framework of NAAC, it is emphasized that higher education institutes foster research culture and create an innovation research ecosystem. Researchers and faculty members develop content and share their work with the world all the time and also cite and refer to others' work. It therefore becomes important for budding researchers and knowledge content creators to have a sound knowledge of Intellectual Property rights so as to be able to protect their own research activity while at the same time give due credit to referenced content. Hence the need of the webinar to sensitize the audience on the protection of Intellectual property rights and the various national and international regulations to safeguard them.

The resource person Dr. Idage, an eminent scientist, doctorate in polymer chemistry and recipient of three national awards reflected his profound knowledge on the topic and highlighted various IP rights—trademarks, patents, copyright etc, quasi-IP rights—trade secrets, confidential information etc with several case studies. He exhibited the procedures involved to apply for patents. He explained the requirements for patentability and how to write claims which triggered the young minds into thinking innovative ways. An interactive discourse ignited the inquisitiveness of the participants. The informative webinar culminated with a vote of thanks proposed by Prof. Shekhar from the Chemistry department.

Online Activity- Student Talent Showcasing: Report

Name of the event: COVID-19 and Gratitude, Online Activity- Student Talent Showcasing

Date of the event: 3rd May 2020 to 13th May 2020

Organised by: Value Lab and IQAC

Number of participants: 72 participants across Mumbai Colleges

Activities involved: Power Point presentations, making sketches, posters, short films, paintings, penning poems, writing articles, and slogans.

Objective: To encourage student to unlock their creativity and express their views and ideas about "COVID-19 and GRATITUDE"

Description:

All of us were in the sudden grip of COVID-19 pandemic in March 2020. In order to control the spread of this deadly Corona virus attack we were confined to a pro-longed period of three months lock-down, which had impacted many people's health-physical and psychological, emotional well-being, our finances, our businesses and even our economy. But there were people from different sections of the society, who were tirelessly engaged in ensuring that we continue to enjoy a normal and healthy life. These were the front-line health care workers, people fulfilling our essential services, Clean-up martial who readily came forward to do a relentless service to the community. In our view, what we could offer them, in humble way, is the gratitude for their services and hence "Gratitude" was adopted as the value for the month of May, 2020.

This resulted in an online skill enhancement intercollegiate event, jointly organized by the Internal Quality Assurance Cell (IQAC SIESASCS) and the Value Lab, where participants were given a chance to unlock their creativity by expressing their views and ideas about "COVID-19 and GRATITUDE". The theme of this event was "Expressions of Gratitude: a power to heal, help and build hope", with a focus on showcasing how gratitude helps one through hard times and the takeaways, realizations, positive values that would help us in managing the crisis, and share the same with our loved ones. For this purpose, the Students were allowed to experiment through various medium, such as Power Point presentations, making sketches, posters, short films, paintings, penning poems, writing articles, and slogans. The event received an overwhelming response of 72 participants across Mumbai Colleges who showcased their talent and creativity through these various forms. Students in their artwork covered many aspects related to COVID19 like expressing gratitude to the health care workers and people in essential services, the importance of family and bonding, helping others, etc. The students wonderfully depicted the importance of social distancing and how COVID-19 is transforming our relationship with the environment.

This event was judged by several teachers: Sketches/ paintings/posters were judged by Dr. Vanita Banjan & Mr. Anoop Varghese; poems/ articles/ slogans were judged by Dr. Lakshmi Muthukumar & Mr. Dinesh Pathak; Power Point presentations were judged by Ms. Vrushali Gupte & Ms. Amruta Padhye; and video/ short films were judged by Dr. Vaneeta Raney & Ms. Uma Kokku. Of the 72 participants, 19 were declared winners. We would also like to acknowledge the overwhelming response of the students and our sincere gratitude to the convenors; Ms. Geeta

RISE WITH EDUCATION

NAAC REACCREDITED - 'A' GRADE

Department: ENGLISH

Title of the Workshop/Activity:

Background: An International Webinar on 'Spatial Anxieties and Estrangement During and Post Pandemic: An International Perspective' by Dr. Peter Cunningham, Prof Emeritus, Faculty, Nelson Mandela University, South Africa, was organized by the Department of English and SIES Central Training on 30th June 2020.

The welcome address was given by Dr. Lakshmi Muthukumar, Head, Department of English. Dr. Cunningham examined the effects of the lockdown and the anxieties and estrangements faced by people especially with regard to the intimate spaces they occupy. The Question and answer session after the talk was vibrant and informative. The session was moderated by Ms. Vidya Hariharan and the vote of thanks was proposed by Dr. Seema C.

The webinar was held as part of the celebrations to mark the Diamond Jubilee of SIES college of Arts, Science and Commerce (autonomous) Sion (W).

Aims/Objectives: To get a greater understanding of the spatial dilemmas faced universally by people around the world and the anxieties that accompany the forced incarceration at home during the lockdown in the height of the pandemic.

Location: Online (MSTeams)

Target audience/participants with expected number: 112

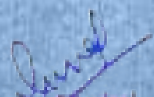

Date of the activity: 30th June, 2020

Name of Resource Persons: Dr. Peter Cunningham, Prof Emeritus, Faculty, Nelson Mandela University, South Africa

Outcome/Feedback: The participants had a greater understanding of the effects of the pandemic lockdown on mental states vis a vis physical spaces they occupy.

Funding if any: None

DATE: 31March 2021 TIME: 4 PM

ORGANIZING COMMITTEE: IQAC, BMS DEPARTMENT

SPEAKER: Mr. Mandar Bhanushe PLATFORM: MS TEAMS

NO. OF PARTICIPANTS:

State	No. of Participants
Maharashtra	116
Chhattisgarh	1
Chandigarh	1
Gujarat	2
Haryana	2
Karnataka	2
Punjab	1
Tamil Nadu	33
Uttar Pradesh	1
Total	159

Objectives: The Webinar was organized to help our teaching fraternity to take a step ahead and explore the Massive Open Online Courses available and also E-content development platforms.

Methodology: The Programme began with a Welcome address delivered by Principal Madam Dr. Uma Shankar. Following the Welcome address, IQAC Coordinator Prof.Geeta Paluskar shared the highlights of the organized webinar. BMS Coordinator Mrs. Umadevi Kokku introduced the Speaker for the day- Mr. Mandar Bhanushe.

The Speaker started with introducing the concept of Massive Open Online Courses (MOOCs) which is developed using the four quadrant approach consisting of video, text, self-assessment and learn more, which was further explained in detail. The participants were made aware of the growing MOOCs and the impact of it in teaching industry. Few MOOC Platforms were also introduced enhancing the knowledge of attendees. Study Webs of Active Learning for Young Aspiring Minds (SWAYAM) – A MOOC platform was explained in detail by the speaker followed by an Overview of Learner Centric MOOC Model developed by IITB.

Outcome: The Attendees gained an insight into how to develop a team for SWAYAM and protocols to be followed therein. The relevance of MOOC was explained to the participants, thus motivating them to take initiative for such activities. Certain Highlights from NEP2020 related to Technology in education were discussed at the end.

Later the forum was opened for the participants to ask questions and get their doubts solved related to the topic. The Programme concluded with a Vote of thanks. The Participants were happy with the overall webinar and expressed their interest to attend more of such webinars in future.

REPORT

Title: 'Yoga Banave Niroga' Workshop

Objectives of the workshop:

1. To spread awareness about mental and physical health amongst nonteaching staff in particular.
2. To promote Yoga practices for overall well-being.

Resource Person:

Mr. Sandeep Solanki, Professional Yoga Trainer

Participants: 51 students, 30 teaching staff and 13 non-teaching staff participants

Methodology: Tattvam – Philosophy Association, jointly with the NSS and NCC units of SIES College of Arts, Science and Commerce (Autonomous) organised the workshop on 'Chair Yoga and Pranayam', under the theme YOGA BANAYE NIROGA. This was to commemorate the International Yoga Day 2021. The workshop focused on instilling a consistent and healthy habit of practicing Yoga and Pranayam to promote well-being and wellness. The target participants were the non-teaching staff of the college. They being an important stakeholder of the institution and considering their lifestyles issues and health problems, the workshop helped create awareness in them about the importance of physical and mental health. Along with the non-teaching staff, teachers and students enthusiastically participated in the event.

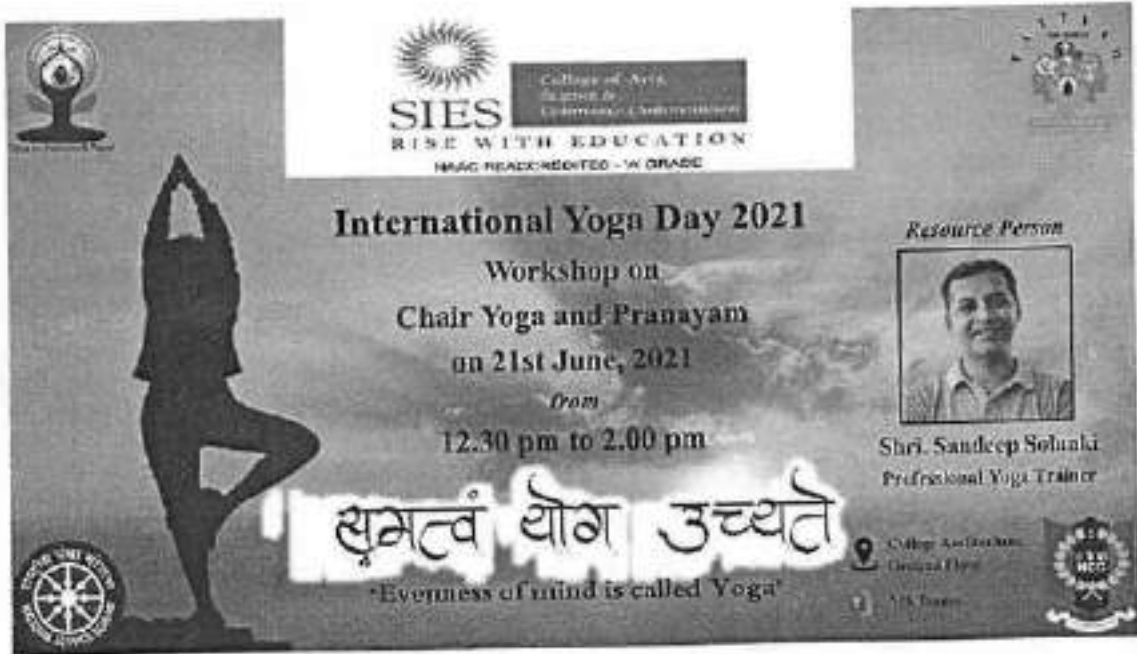

Outcome: The feedback of participants reflects the following points:

- Participants enjoyed the session and commented that it was very informative and much needed.
- Participants appreciated the overall conduct of the workshop which was well executed and helped them to understand Yoga from a practical perspective.
- Participants suggested the team to organise many more such workshops in future.

PHYSICS DEPARTMENT ACTIVITIES 2021-22

Department of Physics- One day National Webinar on 17th July 2021.

Objectives:

A. Title of the Webinar p: “PPP Webinar on the Frontiers of Physics”

Background: To provide information in order to understand the recent advances in these rapidly growing fields and to develop the ideas to design new experiments.

B. Background: Interaction of UG and PG Students of Science stream with eminent scientists working in different institutes was needed to provide information of the recent advances in the rapidly growing fields in science

C. Aims/Objectives: This webinar “PPP Webinar on the Frontiers of Physics” was aimed at

- i) Covering the basic mechanism underlying superconductivity.
- ii) Cover various aspects of low temperature physics
- iii) Discussion on the current topic of sustainable modes of energy production.
- iv) Showcase the achievements in the field of Scanning Tunneling Microscopy.

To provide information in order to understand the recent advances in these rapidly growing fields and to develop the ideas to design new experiments.

D. Location: Webinar was conducted online on MS Teams and also YouTube

E. Target audience/participants with expected number:

UG and PG Students of Science stream from various universities of India.

Around 200 persons participated through online mode, 85 of the participants gave feedback.

The program was conducted using online platform MS Teams and streaming in You tube through power point presentations and video lecture. Study material was uploaded in the MS teams.

F. Session and name of Resource Persons:

The Webinar schedule was as follows:

DAY & DATE :		SATURDAY 17TH JULY 2021
Time	Topic	
9.00 am-9.30 am (Morning session)	Inaugural Proceedings	
9.30 am-11.00 am	Scanning Tunneling Microscopy by Dr. Sujit Manna (Assistant Professor, IIT Delhi), Department of Physics	
11:00 am-12.30 pm	Low Temperature Physics by Dr. Pratap Roy Chaudhuri (Associate Professor(G), TIFR and Shanti Swarup Bhatnagar Awardee)	
1 :15 pm-2:45 pm	Perspectives on Superconductors by Dr. Tanmoy Das (Assistant Professor, IISc Bangalore), Department of Physics	
3.00 pm-4.30 pm	Sustainable Energy Harvesting by Dr. Anuja Datta (Assistant Professor (DST Ramanujan fellow), IACS Kolkata) School of Interdisciplinary Sciences	
4.30 pm-5.00 pm	Valedictory function	

Methodology: Online platform MS Teams and streaming in You tube through power point presentations and video lecture.

G. Outcome:

Above 200 participants from various colleges and universities across India got exposure to the research work done by leading faculties from TIFR Mumbai, IISc Bangalore, IIT Delhi and IACS Kolkata.

UG and PG students and research scholars from all over India got an opportunity to interact with research scholars and researchers working in their respective field. Several questions were asked by the students and their feedback was collected which was well received and appreciated.

H. Funding: No external funding

Title of the webinar: "Cultural Trauma, Biopolitics and Precarious Lives in the 21st Century".

Background: 21st century lives, commentators argue, are enmeshed in bio-economies and biopolitics. The trade, traffic and legislation of tissues, organs and biomatter, from blood to cells, is also, however, a component of a larger precarity that troubles us today. This talk focused on a specific form of cultural trauma connected with the biopolitical: posthuman trauma. It moved from the trauma of corporeal precarity to the trauma of judicialized life and finally species trauma.

Aims/ Objectives:

To critically examine the concept of cultural trauma and its relevance to contemporary societies in the 21st century.

To explore the role of biopolitics in shaping and managing precarious lives in the context of cultural trauma.

To analyze the ways in which cultural trauma and biopolitics intersect and shape social, cultural, and political landscapes in the 21st century.

To investigate the impact of cultural trauma and biopolitics on individuals and communities, with a focus on issues such as identity, memory, and subjectivity.

To identify and explore alternative approaches and strategies that can be used to address the challenges posed by cultural trauma, biopolitics, and precarious lives in the 21st century.

Day, Date and Time: 7th August 2021 from 5:00 pm – 6:30 pm

Name of Resource Person: Dr. Pramod K. Nayar

Location: (Online) M S Teams

Attended participants number: 244

Details of Webinar: The Department of English of SIES College of Arts, Science and Commerce, Autonomous, Sion (W) conducted its foremost event, a National Webinar entitled "Cultural Trauma,

Biopolitics and Precarious Lives in the 21st Century* by Dr. Pramod K. Nayar on 7th August, 2021. The webinar was held on Microsoft Team and was live streamed on YouTube as well. The event was presided over by Dr. Lakshmi Muthukumar, the HOD of the English Association. Dr. Muthukumar requested Dr. Uma Shankar, Principal of SIES College to say a few words about the same. Next, she welcomed and introduced the speaker of the day, Dr. Pramod K. Nayar. The speaker focused and spoke about a specific form of cultural trauma connected with biopolitics i.e., Posthuman Trauma. Mr. Nayar precisely explained the meanings of terms such as Cultural Trauma and Citizenship, Biopolitics, Eco Precarity, and Precarious Corporeality with the aid of a PowerPoint Presentation.

Outcomes:

Increased awareness and understanding of the complex relationship between cultural trauma, biopolitics, and precarious lives in the 21st century.

Enhanced knowledge of the latest research, theories, and practices in the field of cultural trauma and biopolitics.

A greater appreciation of the impact of cultural trauma and biopolitics on individuals and communities, as well as the social, cultural, and political landscapes in which they are embedded.

Identification of new research questions, ideas, and areas of inquiry that can inform future scholarship and policy.

Improved collaboration and networking among scholars, researchers, and practitioners working in related fields.

Increased public engagement and awareness of the importance of addressing issues related to cultural trauma, biopolitics, and precarious lives.

DEPARTMENT OF MICROBIOLOGY

INTERNATIONAL CONFERENCE REPORT

A two-day International Conference on “The Frontiers of Microbiology: Man – Microbe Dynamics’ organised by Department of Microbiology, SIES College of Arts, Science and Commerce (Autonomous), Sion West, Mumbai in association with Microbiologists Society, India from 18th to 19th of September, 2021 on the virtual platform of Microsoft Teams. The Conference comprised of wide horizon including all aspects of Microbiology from clinical, field, research to industrial and post-industrial arena. Inception of the event idea took place two months ago and was supported whole-heartedly by principal of SIES College, Dr. Uma Shankar and president of Microbiologists Society, India, Dr. A.M. Deshmukh. The event was partly Sponsored by National Centre for Science Communicators and was backed by Media partners – Nepal Journal of Biotechnology and Indian Express. Team comprised of Committee members as follows:

Convener - Dr. Manju Phadke

Joint Conveners - Dr. Pramod Ghogare and Mrs. Seema Ronghe

Organising Secretary - Ms. Lynn D'Lima

Joint Secretary - Ms. Carol Braggs

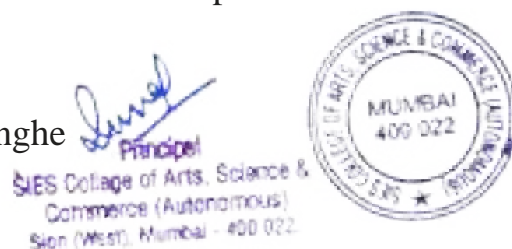

Editorial Committee - Dr. Manju Phadke; Dr. Pramod Ghogare; Ms. Deepika Tambe and Ms. Carol Braggs

Technical Committee - Ms. Hera Azmi; Ms. Pooja Mourya; Ms. Akanksha Shenoy; Ms. Jyoti Babar; Ms. Reshmi Das and Mr. Vivek Parab.

The total number of registrations for the conference were 250 with 44 abstract presentation participants. The conference was streamed live on Youtube and garnered more than 500 views. The conference was inaugurated by playing Sarasvati Vandanam and National Anthem of India in the presence of principal of SIES College, Dr. Uma Shankar and president of Microbiologists Society, India, Dr. A.M. Deshmukh, eminent speaker, colleagues and enthusiastic attendees. Dr. Uma Shankar and Dr. A.M. Deshmukh delivered a supportive and motivating speech lifting the spirit of the conference to a new height. It was followed by a short introductory talk by Dr. Manju Phadke, HoD of Microbiology Department and Mrs. Seema Ronghe, Ex- HoD of Microbiology Department.

Day 01 (Saturday, 18.09.2021)

1st talk of the day was by Dr. Sanket J. Joshi moderated by Dr. Pramod Ghogare. The talk focused on – ‘Petroleum industry and microbial biotechnology: applications and challenges’. It narrowed to the point that a probable solution to environmental pollution could be the use bioproducts and microbial processes in petroleum industry, as it is comparatively less toxic, showed better efficiency, and most importantly environmental friendly nature. Biosurfactants,

biopolymers, bio-solvents, biogases, bio-acids, and microbial biomass are such green products which have proven applications in petroleum industry. Such as, for enhancing the oil recovery, oil field produced water treatment, oil spill bioremediation, prevention and mitigation of oilfield souring (H₂S issues because of Sulphate Reducing Bacteria), and many more.

2nd talk of the of day was by Dr. Vasudeo Zambhare moderated by Ms. Deepika Tambe. It focused on the on-going concept that cleanliness and sanitation awareness increased globally due to covid pandemic which increased demand and use of personal hygiene and home care products, but these products contain hazardous chemicals which are carcinogenic and toxic to all types of life forms. Bio based cleaning products are future alternatives to these chemicals because these are 100% safe. Thereby encouraging to be more inclined to develop safer products.

3rd talk of the of day was by Dr. Trupti Gokhale moderated by Ms. Carol Braggs. The talk revolved around “Polymers Embedded With CuO And ZnO Nanoparticles: A Boon For Food Packaging”. It was a lucid explanation about the synthesis, optimization, and characterization of Nanoparticles. Exploring microbes for the synthesis of metal nanoparticles especially Zinc and copper was shown in the experiments carried out. The talk also highlighted the potential of the use of these nanoparticles as packaging material along with polymers to increase the shelf life of perishable food products.

In the afternoon session, set of abstract presentations comprising of broad 5 categories namely, Food, Medical, Environmental, Industrial and Cell-Molecular Biology, conducted 4 parallel MS Teams sessions, were judged by experts in the fields.

Day 02 (Sunday, 19.09.2021)

1st talk of the of day was by Dr. Poornima Rao moderated by Ms. Lynn D'Lima. The talk focused on ‘Organic waste streams as feed-stocks for fermentative production of industrially relevant bio-acetic acid’. Organic waste represents a major share in the global waste, causing its disposal to be one of the primary concerns of the society. organic waste can be used to produce industrially relevant platform chemicals using fermentation process in a cost effective manner. Its gainful utilization targets the concern associated with waste management and disposal.

2nd talk of the of day was by Dr. Ruchi Srivastava moderated by Ms. Akanksha Shenoy. The talk revolved around ‘Microbiological aspects of a robust industrial food safety programme’. The talk highlighted points such as PRP and HACCP and their importance in Food Industry. Food Safety, Food Defence and Food-Fraud Mitigation were also explained. The talk later streamed to ‘Farm to Fork’ concept and essential case studies.

3rd talk of the of day was by Dr. Prafull Ranadive moderated by Mr. Vivek Parab. The talk focused on 'Fermentation process development - from discovery to commercialization'. It shed a light on the fermentation process development and its journey from discovery of the drug to its commercialization. The talk highlighted the applications of fermentation which utilize microorganisms and their metabolites as a source of drugs, probiotics, biofertilizers and applications of algae, plant cell and animal cell cultures in fermentation. These applications include Drugs from anti-cancer, Nutraceuticals, Steroids, anti-dementia, anti-obesity, vitamins (Vit B12).

In the afternoon session, set of abstract presentations comprising of broad 5 categories namely, Food, Medical, Environmental, Industrial and Cell-Molecular Biology, conducted 4 parallel MS Teams sessions, were judged by experts in the fields.

The abstract presentation session were succeeded by Valedictory Function which was addressed by Dr. A. P. Jayaraman followed by

4th talk of the day by Dr. Gokul Shankar Sabesan moderated by Dr. Pramod Ghogare. The talk revolved around the topic 'Food safety in hospitality industry – bridging gaps between consumer's expectation v/s reality'. It highlighted transational trade; travel; and migration and globalization of food production, manufacturing, and marketing pose greater risk of cross-border transmission of infectious diseases and food-borne illness. The risk is higher especially with small food outlets and road side vendors which are generally not monitored by any health authorities. It dived into Crucial points like HACCP and identification of CCPs and their implementation at the crude level. The talk left in an important message to the attendees - All that is clean need not be hygienic.

The stage was then open for participants to share their experience and feedback of the conference.

The two-day conference came to an end with the Closing remarks and Vote of Thanks delivered by Dr. Pramod Ghogare and finally playing the National Anthem of India.

National Webinar on Transnational Surrogacy Market in India

Date: 28th September, 2021

Day: Tuesday

Timing: 12.00 pm to 1.30 pm

Platform: MS TEAMS

The Department of Commerce organised a National Webinar on a multi-disciplinary topic 'Transnational Surrogacy Market in India' to bring light and understanding about surrogacy in India and its consequences. The key speaker was Dr. Sheela Suryanarayanan, working as an Associate Professor at the Centre of Women's Studies, University of Hyderabad, holding extensive research experience in maternal and child health, selective abortion, reproductive technologies and surrogacy. The webinar started with a welcome note by the organising team and the Principal followed by the talk delivered by the speaker. The speaker presented her researched content and discussed her live experience and stressed on the consequences of surrogacy in the mental, emotional and physical health of innocent mothers. Special focus was made on areas like biomarketing, India as a surrogacy hub, impact of surrogacy on mother and child, medical tourism, etc. The talk raised concern among the audience, which was expressed through a question answer round. The webinar concluded with the vote of thanks by the organising team. The webinar witnessed a total of 105 participants across the country including teaching staff, students, research scholars, other service personnel and the organising team. Feedback was taken from the participants and e-certificate was mailed.

GREEN AUDIT WEBINAR REPORT

Title of the Webinar: " Green Audit – Role of Youth and Academic Institutes"

Theme: Energy consumption and lifestyle for environment

Objectives: To create awareness about Green practices, environmental consciousness, and Green Audit among students. To identify, and analyse environmental issues in an academic institute, to focus on implementing Environmental Management at various departments in an academic institute, and how to continuously assess and evaluate green practices followed in an academic institute

Day, Date, Time and Location: Wednesday, 17th May 2023 from 11.00 a.m to 12.00 p.m,
on Virtual Platform Microsoft Teams.

Attended Participants number: 68

Details of Webinar:

"Green Audit- Role of Youth and Academic Institutes" is a Green initiative in terms of creating awareness organized by IQAC of SIES College of Arts, Science and Commerce (Autonomous), Sion (W) Mumbai. The speaker Dr Dhanashree Sagar Patil, gave an overview of Green Audit including its need, objectives, goals, and benefits. She emphasised on the need to create environmental consciousness among students. The speaker explained the Environmental Management methodology, and green practices followed at Br. Balasaheb Khardekar College which involved various departments and students (including the NSS cell) altogether contributing to a successful Green Audit as well as Green Initiatives which were later implemented in local schools and Zilla Parishad.

Name of Resource Person: Dr Dhanashree Sagar Patil, Assistant Professor and Head of the Department of Botany, Br. Balasaheb Khardekar College, Vengurla

Outcome: The webinar did generate awareness about the green practices to be followed and sustainable usage of natural resources in an academic institute. The webinar gave a direction as to how to implement environmental management in the institute especially now as it is mandatory for academic institutes. The students found the webinar very informative particularly students from undergraduate programmes of Arts and Science background who were introduced to terms such as Green screen, Carbon sequestration and ideas like collecting rainwater which is distilled water for use in laboratory. The webinar also gave ideas to involve students in such green initiative projects.

Report of Guest Lecture on 'Helping the Helpers'

A. Title of the Workshop/Activity: Guest Lecture on 'Helping the Helpers'

B. Background: In the recent times students have been facing a lot of psychological concerns. Though the college has an appointed counsellor, students may not be able to approach the counsellor at all times. Teachers are approached many times by students for these concerns and many times since they do not have a background in psychology they find it difficult to respond to students. Therefore the lecture was organized to guide teachers to help students with their difficulties other than academics.

C. Aims/Objectives: The goal of this lecture was to sensitize teachers to become more empathetic towards students, understand when the student is in need of the counsellor's help and make appropriate referral.

D. Location: SIES College of Arts, Science and Commerce (Board Room)

E. Target audience/participants with expected number: 36 Degree College Teachers

F. Date of the activity: 22nd March, 2019

G. Name of Resource Persons: Dr. Gaurav Kulkarni, M.D Psychiatry.

H. Outcome/Feedback: Teachers found the lecture very informative and enlightening. Teachers expressed happiness that all their doubts were clarified by the resource person. They stated that more such lectures were needed.

Title: The Role of IQAC and the teachers in the documentation for NAAC

A half day online workshop organized by IQAC
Day: Friday Date: 13th August, 2021 Time: 2 pm to 5 pm.
(Internal workshop)

Objectives of the workshop:

To understand

1. Documentation required for NAAC accreditation process.
2. Role of IQAC and the teachers in the NAAC documentation process.

Resource Persons:

1. Dr. Parvathi Venkatesh, Principal, Don Bosco College, Kurla.
2. Prof. K. Venkataramani, Joint Secretary, SIES Management, Matunga.

Participants:

54 teachers from Degree college attended the workshop. (Internal workshop)

Methodology:

- The workshop started with the Welcome address by Principal Dr. Uma Shankar.
- Concept of the workshop was explained by Mrs. Geeta Paluskar, IQAC COordinator.
- Dr. Rupali Vaity introduced the speakers.

Session 1:

Prof. K. Venkataramani explained the documentation requirement of criteria 1,2 and 3. He highlighted the need to identify weak learners and fast learners at the time of admission and provide mentoring according to their needs. He explained the importance of the mentor mentee system and how it can be effectively implemented in HEI. The difference between MOU, Linkages and Collaboration was also explained by the speaker.

Session 2:

Dr. Parvathi Venkatesh explained the documentation requirements of criteria 4,5 and 7. She explained the importance of documentation of library resources, maintaining reports on the website, student activities, progression and placement activity recording. She emphasised on maintaining files and updating them regularly.

The workshop concluded with an interactive question and answer session.
Vote of thanks was given by Dr. Vanita Banjan.

Outcome:

The feedback of participants reflects the following points:

- The resource persons made a good impact on the participants. The participants found them to be knowledgeable and their presentations impressive.
- Nearly 50% of the participants felt that their knowledge about the documentation process has improved after attending the workshop.
- Suggestions of the participants reflect the need for criteria wise workshops.
- Some participants felt that we must start our documentation process immediately.
- The need for equipment for scanning and recording soft copies of documents was also expressed by some participants.

SEQP Workshop Report

23.09.2021

Title: Setting Effective Question Papers using Bloom's Taxonomy

Two days online workshop organized jointly by Dept Of Mathematics and IQAC

Monday, 20th September, 2021 Time: 3.30 pm to 5.30 pm.

And

Tuesday, 21st September, 2021 Time: 3.30 pm to 5.30 pm

(Capacity Building Workshop for Teachers)

Objectives of the workshop:

To orient teachers about the role of Bloom's Taxonomy in Evaluation.

Resource Person:

Dr. Nandita Mangalore, IQAC coordinator @ St. Xavier's College, Mumbai .

Participants:

90 teachers from Degree college attended the workshop. (Internal workshop)

Methodology:

- The workshop started with the Welcome address by Principal Dr. Uma Shankar. - Concept of the workshop was explained by Ms. Rekha W. Paradkar, HOD-Mathematics. Ms. Surjeet Kaur introduced the speaker.

Session1:

The resource person, Dr. Nandita Mangalore, explained to the audience that Bloom's taxonomy is a framework for learning, teaching and educational achievement in which each level depends on the one below. It's often depicted in the form of a pyramid-Basic knowledge, the first stage of learning, leads to the development of the skills and abilities that are crucial to completing the pedagogical process: Comprehension, application, analysis, synthesis and evaluation. While there are subcategories within each, each stage lies on a continuum. The belief is that students move up through each level of the pyramid in Bloom's taxonomy, starting from very basic learning, to acquiring deeper knowledge on a subject, with each level crucial to the development of the next.

Teachers can apply Bloom's taxonomy by asking questions and delivering assignments that directly correlate with specific learning objectives in each stage of the process, making the objectives clear to the student. For example, posing multiple-choice questions can help gauge a student's level of basic understanding and remembering of a subject, while asking a student to come up with a comparison or analogy points towards entering the application or analysis stage. The objective of the session was that all the participants understand that

the core idea of teaching is to stimulate students' thought processes and to achieve this objective different types of questions are required to stimulate different levels of thinking.

The teacher participants were then divided into several groups based on their subjects and were assigned the task of analysing a common question paper to study the percentage of various levels addressed in the question paper. These were tabulated subject wise by the organising team.

Session 2: The second day event began with a very interesting exercise given by the resource person whereby each teacher was asked to prepare questions on any chosen topic covering all the six levels of Bloom's taxonomy. This gave hands on experience to the teacher participants along with valuable insights.

The two day online workshop concluded with Vote of thanks by Ms. Geeta Paluskar, the IQAC coordinator

Outcome:

The feedback of participants reflects the following points:

- The resource person made a good impact on the participants. The participants found her to be knowledgeable and her presentation impressive.
- All the participants agreed that their knowledge on course outcomes greatly improved after the workshop.

Title: NEP Vision to Action

Guest Lecture by Dr. R. D. Kulkarni

13.01.23 at 11.00 AM, BoardRoom.

(Faculty Orientation)

Objectives of the workshop:

To orient teachers about New Education Policy 2020, its impact on higher education and role of teachers in the implementation.

Resource Person:

Dr. R. D. Kulkarni, former Pro Vice Chancellor of Mumbai University, and the Convener of the NEP Committee- Maharashtra Govt.

Participants:

61 teachers from Degree college attended the workshop. (Internal workshop)

Methodology:

A Guest lecture by Dr. Ravindra Kulkarni, former Pro Vice Chancellor of Mumbai University, and the Convener of the NEP Committee- Maharashtra Govt, on Implementation of NEP-2020 was organised. Dr. Kulkarni explained the reforms under NEP 2020 that will be introduced in higher education. He threw light on the Multidisciplinary structure of the degree program, the credit framework, and the multiple entry-exit option. He described the Academic Bank of Credits and credit accumulation system useful to the students. He also discussed the examination and evaluation reforms required under NEP. The session was interactive and teachers asked doubts with respect to NEP. The session will be helpful in effective implementation of NEP from June 2023.

Outcome:

The resource person oriented the participants about the educational reforms under NEP. Participants asked many questions which were satisfactorily answered by Dr. Kulkarni. The Guest lecture definitely improved the understanding of the participants of NEP2020.

Report : Faculty NEP Orientation
National Education Policy 2020 : Objectives, Recommendations and Implementation

Title of the Talk: Implementation of National Education policy 2020

Resource Person: Dr. B.N. Jagtap, IIT Mumbai

Day, Date, Venue: 25.06.2022 at 11.00 AM, Boardroom.

Attendees: Principal, Vice Principals, Heads of the departments, Senior teachers, Registrar and Heads of the Sister Institutions

Number of Attendees: 45

Objectives of the workshop:

To orient teachers about New Education Policy 2020, the recommendations, its impact on higher education and Implementation.

Highlights of the lecture

Dr. Jagtap articulated the following points.

Sadler University commission to Sargent Plan of education.

The NEP 2020 intends to boost spending on education by enhancing the education budget to a level of 6% of the GDP.

This means that current regulators like UGC, AICTE etc will be replaced by one central regulator (by the name of HECI or Higher Education Commission of India) for all domains of higher education.

Dr. Jagtap explained that the NEP 2020 also brings flexibility for students to choose subjects in place of streams for their higher education. Through case examples He oriented the gathering that NEP aims at strengthening the cross-functional study environment and developing critical thinking amongst students. Also, multiple entry and exit options will be there for students in the form of certificate, diploma and degree during their higher education.

The emphasis of the talk was on the following.

- Assessment reforms with a 360-degree Holistic Progress Card to track achievement of Learning Outcomes.
- Broad based, multi-disciplinary, holistic Undergraduate education with flexible curricula
- Creative combinations of subjects
- Integration of vocational education
- Multiple entry and exit points with appropriate certification,

NEP aims to transform the current HEI model into a value-based educational model and Autonomous Colleges into the Research Universities/ Teaching Universities Vs merely Degree Awarding Autonomous Colleges.

The areas of recommendation.

NEP aims at building the overall personality of students by strengthening infrastructure for open and distance learning, online education and increasing the use of technology in education.

Regulatory mechanisms of higher education would have "accreditation" conducted by an independent body amongst other key functions.

Institutions will have the option to run Open Distance Learning (ODL) and online programmes, provided they are accredited to do so, to enhance their offerings, improve access, increase GER, and provide opportunities for lifelong learning.

Conclusion: With all the challenges in NEP, the lecturer and host college is quite hopeful and geared to contribute to the global standards of the Education system in India.

Outcome:

It was an interactive session. Participants asked many questions which were satisfactorily answered by Dr. Jagtap. The Guest lecture indeed improved the understanding of the participants of NEP2020 and the future of higher education.

Landscape Gardening Workshop Report 2018-19

- A. Title of the Workshop/Activity:** Landscape Gardening Workshop
- B. Background:** The Department of Botany organized a demo-workshop on 'Landscape Gardening' for students of TYBSc – Horticulture. It included a theory session followed by a demonstration of landscaping.
- C. Aims/Objectives:** The event aimed to give comprehensive account of landscaping to the students & demonstrate the steps involved in indoor and outdoor landscaping using the appropriate flora and garden feature models.
- D. Location:** Lab No. 2, SIES ASCS (Autonomous)
- E. Target audience/participants with expected number:** 28
- F. Date of the activity:** 28th February 2019 from 8.30am to 11.30am
- G. Name of Resource Persons:** Dr. Shyam Palkar, Assistant Professor, D. G. Ruparel College, Matunga (W) Mumbai.
- H. Outcome/Feedback:** The students enjoyed the event and learnt the technique landscaping at indoor and outdoor level and their respective maintenance.
- I. Funding if any:** Nil
- J. Annexures:**

National Mathematics Day
Data Sciences - Your Journey Begins Here

Department: Mathematics

Date: 23-12-2019

Title: Data Science - Careers and Paths ahead

Target audience: Students from all classes.

Venue: Room No 8, First Floor, SIES College of Arts, Science and Commerce

Number of Participants: 73

Number of staff attendees: 14

Resource Persons: (1) Ms. Monica Data(Data Science Success Guru at Grey Atom), (2)Jasraj Date(Data Scientist at Emotix and Alumni of SIESASCS and Grey Atom)

Objective:

- To make students aware about career opportunities in Data Science
- To make them aware about the mathematical knowledge required to start a career in data science.
- To guide them regarding developing a career in data science.

Methodology:

A Seminar titled 'Data Sciences - Your Journey Begins Here' for the students of SIES was organised by the Department of Mathematics jointly with IQAC and Grey Atom Institute, on the eve of National Mathematics Day, to mark the birth anniversary of the great Indian mathematician, Srinivasa Ramanujan.

Outcome: The event was very informative and inspired students to develop a career in data science. The event was a great success and was very received by the students as well as the staff.

REPORT

A. Title of the Workshop: **DOT Listening Skills from 8th February to 3rd March, 2022**

B. Background: The workshop trained the beneficiaries through a series of interactive sessions, thought exercises, role play and assignments that gave practical, insightful learning experience to assess oneself, others and situations.

C. Aims/Objectives: To develop better listening and communication skills.

D. Location: College Mini Auditorium (Offline)

E. Target audience/participants with expected number: **30 Beneficiaries**

F. Details of Sessions:

G. Session and name of Resource Persons: **Mr. Sachin Chitambaran**
Founder and Lead Trainer, The Connect Hut

Session I- Introduction to Communication and Listening

Session II- Components of Communication

Session III- DOT Listening Styles

Session IV- DOT Listening Values

Session V- DOT Emotional Responses

Session VI- DOT Listening Framework

Session VII- Review: Testing and Evaluation

H. Outcome: The workshop was continuously engaging, enabling the participants to find a middle path as a deep listener through mindful exercise, role plays. It gave them an opportunity to self-reflect, understand the meaning of empathy and find new meaning of the values such as honesty, compassion, acceptance and curiosity. **PROGRAMME CONDUCTED UNDER RUSA GRANT
(July 2019)**

- ❖ **TITLE: IDEAS FOR STARTUPS, FUNDING AND MORE**
- ❖ **Date: JULY 17, 2019**
- ❖ **Duration/Schedule of the programme: 1.5 hours**
- ❖ **Objective of the Programme:** Orient the students regarding the nuances of developing their business ideas into successful business enterprises
- ❖ **List of Speakers:**
 1. Mr. Uday Wankawala, CEO, Atal Incubation Centre - Rambhau Mhalgi Prabodhini (RMP) Foundation, Maharashtra
 2. Ms. Pallavi Ramane, Manager - Incubation,
 3. Ms. Sheetal Shetty, Connecting Dreams Foundation, Mumbai.
- ❖ **Target Audience:** 70 students of UG courses from different departments of the college.
- ❖ **Short Description of the Programme:**

Dr. Wankawala, CEO of the Atal Incubation Centre - RMP, made an exhaustive presentation on the subtle yet significant aspects of developing and executing business ideas. He opined that identifying one's strengths and weaknesses, finding a team with complimentary skills, finding a purpose and selling oneself should form the starting point of developing a business idea. The presentation of the idea before the immediate family would receive an honest feedback regarding the idea. It would be wise to begin with small investments of Rs.50,000 and the best source of funding in the initial stage would be the immediate family. He shed light on the importance of doing a business opportunity validation to understand the scope and sustainability of one's product after a period of five years. He concluded by saying that entrepreneurship and business innovation is a job that requires dedicated work of 18-20 hours per day. He also invited interested students to attend the detailed orientation programme at AIC.

Ms.Shetty from the NGO, 'Connecting Dreams', explained the ways in which her NGO helps to nurture entrepreneurial skills among young minds. She briefed the students about their upcoming event 'Social Impact Challenge 2019' and motivated students to actively participate in it. She also informed the students about the bootcamp that they are hosting in association with AIC and asked interested students to join the camp to get a new perspective on developing business ideas.

❖ **Outcome of the Programme:**

Students raised valid questions regarding the practical difficulties they face in developing their ideas during the Q&A session. The winners of 'Innovatia', a start-up challenge competition conducted by Nirmitee Kendra interacted with the resource persons. They presented their product prototypes and sought relevant suggestions and guidance in commercialising their products. Mr. Uday Wankawala assured the students of all help from the AIC in this regard.

Value Lab Report

Name of the event: COVID-19 and Gratitude

Date of the event: 3rd May 2020

All of us were in the sudden grip of COVID-19 pandemic in March 2020. In order to control the spread of this deadly Corona virus attack we were confined to a pro-longed period of three months lock-down, which had impacted many people's health-physical and psychological, emotional well-being, our finances, our businesses and even our economy. But there were people from different sections of the society, who were tirelessly engaged in ensuring that we continue to enjoy a normal and healthy life. These were the front-line health care workers, people fulfilling our essential services, Clean-up martials who readily came forward to do a relentless service to the community. In our view, what we could offer them, in humble way, is the gratitude for their services and hence "Gratitude" was adopted as the value for the month of May, 2020.

This resulted in an online skill enhancement intercollegiate event, jointly organized by the Internal Quality Assurance Cell (IQAC SIESASCS) and the Value Lab, where participants were given a chance to unlock their creativity by expressing their views and ideas about "COVID-19 and GRATITUDE". The theme of this event was "Expressions of Gratitude: a power to heal, help and build hope", with a focus on showcasing how gratitude helps one through hard times and the takeaways, realizations, positive values that would help us in managing the crisis, and share the same with our loved ones. For this purpose, the Students were allowed to experiment through various medium, such as Power Point presentations, making sketches, posters, short films, paintings, penning poems, writing articles, and slogans. The event received an overwhelming response of 72 participants across Mumbai Colleges who showcased their talent and creativity through these various forms. Students in their artwork covered many aspects related to COVID-19 like expressing gratitude to the health care workers and people in essential services, the importance of family and bonding, helping others, etc. The students wonderfully depicted the importance of social distancing and how COVID-19 is transforming our relationship with the environment.

This event was judged by several teachers: Sketches/ paintings/posters were judged by Dr. Vanita Banjan & Mr. Anoop Varghese; poems/ articles/ slogans were judged by Dr. Lakshmi Muthukumar & Mr. Dinesh Pathak; Power Point presentations were judged by Ms. Vrushali Gupte & Ms. Amruta Padhye; and video/ short films were judged by Dr. Vaneeta Raney & Ms. Uma Kokku. Of the 72 participants, 19 were declared winners. We would also like to acknowledge the overwhelming response of the students and our sincere gratitude to the convenors; Ms. Geeta Paluskar, IQAC Coordinator, and Dr. Kamala Srinivas, Chairperson - Value Lab, to the judges, and to all the value lab team members.

Report on Mumbai Level Symposia “Dynamics of Financial Systems in the Digital Era” organized by Centre for Excellence, Department of Commerce and Department of Management Studies.

Centre for Excellence, Department of Commerce and Department of Management Studies organized a One Day Mumbai Level Symposium on “Dynamics of Financial Systems in the Digital Era” under the theme ‘Train the Trainer’ at SIES College of Arts, Science and Commerce in association with *Financial Planning Academy* on Thursday, 5th December 2019.

The symposium was focused to disseminate knowledge on Indian financial management systems, artificial intelligence and robotics and emerging job opportunities in the field of Banking and Finance for the faculties and keen learners across Mumbai. Financial Planning Academy has also sponsored partially for the smooth conduct of this event.

Inaugural Function:

- Chief Guest of the event was **Dr. (Mrs.) Shobhna Vasudevan**, Principal, Podar College of Commerce and Economics. She delivered a key note address on the topic – ‘Today’s scenario in economics and digitalization of the system’.
- Guest of Honour was **Dr. T.A Madhu Nair**, Ex-Dean, University of Mumbai who gave an insight about the essential role of the academic institutions which have to provide the knowledge of the current economical state to staff and students and make them digitally aware.
- **Dr. Uma Shankar**, Principal, SIES College of Arts, Science and Commerce welcomed the gathering.
- **Ms. Mahalaxmi Nadar**, Convener of the Symposia, introduced about the Mumbai Level Symposia and why it is the need of the hour to Train the Trainer who would build the career of the young minds in the future.
- **Mr. Vishal Gada**, Director, Financial Planning Academy delivered the highlights of the event and introduced the impact of the Symposia titles.

Plenary Sessions: The resource persons from Financial Planning Academy shared insightful and interesting information on the topic - “Dynamics of Financial Systems in the Digital Era”.

- **Mr. Kirtan Shah**, CEO and Co-Founder Ambition Learning Solutions delivered a talk on ‘Macroeconomics affecting the Financial Markets’. He addressed on how equity trading stock markets are playing a massive role in building an economy at whole. He bridged a gap between consumer and investments via savings.

Suresh
Principal
SIES College of Arts, Science &
Commerce (Autonomous)
Sion (West), Mumbai - 400 022.

- **Mr. Zaheer Sayed**, ACCA, Ex-Associate Director, Union Bank of Switzerland delivered a talk on ‘Artificial Intelligence and Robotics’ from layman’s perspective and illustrated industrial examples of data and computer science.
- **Mr. Tanuj Poddar**, CEO, Financial Planning Academy delivered a talk on ‘Emerging job opportunities in Banking sector’. He emphasized on training the present youth for upcoming bank exams.
- Session concluded with a summary in-order to brief the key points of the symposia and had Q & A session to keep it interactive and address on attendee’s doubts and details which was followed by a formal vote of thanks.

A total of **53 staff and students** from various colleges of Mumbai participated in this symposium. Out of which **27 were faculties and 26 were students** from under graduation and post-graduation courses.

All the participants who responded to the feedback have rated the Symposia Organization, Relevance of presentations and Facilities at the symposia site and reception / help offered as Excellent and Good and the organizing committee was well appreciated. Some of the participants suggested that this could be extended to practical application and visits to technology upgraded locations. The event was a grand success with participants keen towards more such sessions in future. The symposia sufficed to create awareness and provide information and insight about “Dynamics of Financial Systems in the Digital Era”.

About SIES College
The SIES College of Arts, Science and Commerce was inaugurated on 20th June 1990 by Shri. Y. S. Chavan, the first Chief Minister of Maharashtra as a gift of the South Indian community to the newly-born State of Maharashtra. Affiliated to the University of Mumbai, the college has an impressive strength of over 4000 students drawn from all sections of this cosmopolitan city. Excellent results at various University and Board examinations, and covered awards and merit positions bagged by the students have placed the SIES College among the most outstanding institutions in the city. The students of the college, with their exemplary discipline, serious academic, extra and co-curricular pursuits and excellent rapport with their teachers, have greatly contributed to make this college a name to reckon with in academics and other fields. **The college is graded 'A' with a CGPA score of 3.53/4.00.** In the year 2018-2019 the college was conferred with Autonomous status.

About Centre for Excellence:
The Centre for Excellence was setup on 8th August 2008. In order to churn out employable graduates several courses are conducted under the umbrella of Centre for Excellence in the college premises, for the benefit of the students. The main objective is to provide opportunities to pursue professional courses and train students to make them globally competent, self-employable individuals. The vision of the Centre is also to enable the students to 'Learn while they Learn', which is becoming the need of the day with the rising level of independence among the youth of today. Almost 60% of our students come from the economically underprivileged section whose parents cannot cope with the cost of higher education, hence, this objective is the need of the hour.

SIES SWAYAM-NPTEL Local Chapter (IC: 260) was initiated in December 2015 to enable students to attain knowledge of IT standards through on line platform. The Centre has brought many laurels like **DEQET President Award in 2015 and 2016**, American Society of Quality (ASQ), Mumbai (MC) award, organized various successful events including **State - Level NPTEL Awareness workshop** in December 2018. The Centre has collaborated with various industries, organizations, and institutions to bridge the gap between Industry and Academia. **Through our Industry Associate - Financial Planning Academy (FPA)** this faculty development symposia 2019 theme is designed to bring out dynamical changes in the young students mind by training the academic trainers (Train the trainers).

Department of Commerce
The Department of Commerce was founded in the year 1901, with a vision to impart and upgrade knowledge in the field of Commerce and Accountancy. The Department has been vibrant in conducting workshops, guest lectures and activities to give students towards diverse career opportunities and guiding them to participate in research based events. With two successful National Seminars on Service Sector and E-Commerce, the department is all set to travel with time into the dynamics of Indian financial system in the digital era.

Department of Management Studies:
The Department of Management Studies was established in 2005 with an aim to impart value based management education to our students. The curriculum of the course is regularly reviewed and updated to meet the contemporary industry requirement.

Our Industry Associate FPA:
Financial Planning Academy (FPA) - a division of Sykes and Ray Eduzora Pvt. Our years of efforts have earned us the privilege to be India's first authorized educational partner for **CIFP™**. Though our founding pillar has been learning in Financial Planning, we have since then evolved and helped achieve their stories through courses like **ACCA** which is a globally accepted professional qualification, an chartered accountancy and Banking program providing placements to students with private sector Banks.

Workshop Objectives

- To provide a medium to exchange views, ideas and the latest innovations in the arena of financial markets
- To encourage faculty members to develop and integrate research based insights into their teaching
