### 7.1.10 Report on the student attributes facilitated by the Institution

SIES College of Arts, Science, and Commerce (Autonomous) is committed to fostering high standards of academic, professional and societal performance to enable students to be agents of social change with global competencies and make them responsible citizens. The Institution promotes holistic personality development by developing high moral, social, ecological and spiritual values. The vision, mission and objectives of the Institution is reflected in the curricular, co-curricular and extra-curricular activities which enhances the attributes of students.

Academic Competency is a major outcome of a student's educational journey. This attribute is supported by the comprehensive curriculum to develop academic excellence, critical thinking and effective communication skills, research proficiency, ethical behaviour and a commitment to lifelong learning. Various teaching learning methods like ICT, field visits, assignments, projects, presentations, seminars & webinars, practical, tutorials, etc. help to enrich student's academic proficiency. Thus, the Institution strives to graduate individuals who are not only academically proficient but also prepared for success in their chosen fields.

Curricular and co-curricular activities extended by the Institution play a crucial role in developing a wide range of skills beyond academic knowledge. Activities such as gender sensitization, sports, NSS, NCC, Rotaract, ISR initiatives by the Institution enable students to imbibe human values, ethics, leadership, teamwork, networking and time management skills as well as connect to the environment and society at the local, national and global level.

Diverse Cultural Values are promoted through the Institutional annual fest – *Visions* (Cultural) and *Utkarsha* (Literary) and by various events organised across associations which inculcates a feeling of equality, brotherhood, tolerance, peace and harmony. It also helps in developing attributes like confidence, team building, organisation and leadership skills among students.

Career Readiness Initiatives like employability training, capacity-building programs, career counselling, mentoring, placement drives, entrepreneurship development and support for start-ups to equip students with the skills needed for professional success.

These attributes have enhanced talents and potentials of our students which is evident in their notable contributions in different spaces such as corporate, education, start-ups, media, research, law, defence, policy making, culture, sports, etc. Thus, the Institution is instrumental in developing moral and holistic personality and instil a sense of ecological and social commitment in nation building.
