4.2.1 Computerization of administration and library.

Library is fully automated with **KOHA Library management software Library management software Version - 20.11.01** since the academic year 2015-2016. This is an international opensource software. Entire software is hosted on cloud computing to provide 24x7 access to the library resources. Entire catalogue details consisting of books (general, reference, and Book Bank), CDs/DVDs, as well as recent journals issues, are uploaded on Koha.

OPAC access is provided through link from the college website for easy access (<http://sieswlibrary.firststray.in>). The opening page is provided with links to online resources (free as well as subscribed) under the headings of Newspapers, E-book, E-journals, E-databases, and others.

Location of the books and availability, displayed in real time to help the users identify the presence of books needed by them.

Circulation through KOHA is biometric, and RFID enabled.

Student as well as staff Book Bank was automated using KOHA.

Mail alert are sent to the users when books are issued to them as well as two days prior to the due date to ensure timely return.

Koha was integrated with RFID for Stock taking.

RFID Gate antennae was integrated to provide footfall count as well as to ensure security.
